# Talking Shop:

## Retail Trends and Predictions for 2012

Michelmores 

The retail sector has experienced mixed trading conditions so far in 2011 and many are expecting a tough year ahead.

This conference will look at:

- how the current trading conditions have affected retailers
- what the industry has been doing to combat a volatile market.

We will also look ahead to 2012 - can we expect the recovery that most market observers are hoping for?

Speakers include:

- Tim Harrison, Head of Retail Implementation, John Lewis
- Liz Peace, Chief Executive, British Property Federation
- Don Williams, Partner and National Head of Retail and Wholesale, BDO
- Geoff Nicholson, Managing Director, FSP Retail
- Chris Dawson, Owner and Chairman, The Range

*The full conference programme will be published in summer 2011.
